Chorfi Heithem Abdeldjalil

Full-Stack Web Developer | Software Engineer

Béjaïa, Algeria | (+213) 794 20 66 55 | heithem.dev@gmail.com | heithemdev.com | linkedin.com/in/heithemdev

PROFESSIONAL SUMMARY

Full-Stack Web Developer and Software Engineer with 2+ years of experience building e-commerce platforms, marketplaces, dashboards, and secure web systems. Delivered 10+ projects and contributed as tech co-founder on 3 products. Strong in system design, API design, database design, authentication, and business-focused product execution.

EXPERIENCE

Freelance Full-Stack Developer | 2024 to Present

Freelance Projects

• TruckProSource, Full-Stack Engineer

Built a multi-vendor B2B marketplace for heavy truck parts with dashboards, checkout, reviews, admin moderation, and a scalable backend. Built the MVP used to secure a 50K+ supplier contract.

• Rimoucha, Full-Stack Engineer and Designer

Built a custom e-commerce storefront focused on mobile UX, product presentation, and conversion flow. Increased sales and repeat visits, client-reported.

• Unimarket, Full-Stack Engineer and Tech Co-Founder

Building a student marketplace with buyer and seller flows, moderation, and local payment and shipping logic.

• Brionzz, Full-Stack Engineer and Designer

Built a premium brand website with responsive layouts, clear hierarchy, and conversion-focused sections for a fashion label.

ADDITIONAL EXPERIENCE

• AI Trainer, C, C++, and Java | Alignerr / Labelbox

Review AI code outputs, evaluate correctness and reasoning, identify issues, improve solutions, and write structured reports.

ACADEMIC PROJECTS

• Cinema Ticketing and Seat Reservation Desktop App

Java, JavaFX, SQLite. Built ticketing, seat reservation, simulated payment flow, and local booking sync.

• Stock Management and Sales Analytics Desktop App

Java, JavaFX, SQLite. Built inventory tracking, sales analytics, offline-first workflow, and a database-linked chatbot assistant.

SKILLS
